

EXQUISITE VIP MODEL YEAR 2022

EN

DATE: NOVEMBER 2021

STYLISH AND ELEGANT:
THE LMC EXQUISITE VIP

QUALITY. TRUST. AT HOME. **LMC**

FOR THE MOST DISCERNING STANDARDS

ENJOYING TOURING AND LIVING
WITH ALL SENSES

Our premium model range, the Exquisite VIP, has everything on board you might possibly need – and some more. With an impressive overall length of between 8.43 and 9.57 m and four layout options, it is a real caravan gem and leaves nothing to be desired in terms of luxury: comfort entrance door, wall to wall carpet, blinds and high-quality furniture are just some of the highlights. Experience the outstanding spaciousness of the VIP!

We build your mobile home with expertise and passion – to ensure that you make only wonderful memories on holiday with your LMC. Our twelve-year water ingress warranty stands for durability made in Sassenberg. See it for yourself and come aboard the LMC Exquisite VIP!

EXCLUSIVE SPACIOUS FEEL
MEETS LUXURY AND COMFORT

The 70 cm extra-wide entrance door provides particularly convenient habitation access. Once on board, you can feel the wall to wall carpet, a standard feature, and immediately notice the high-quality furniture in the “Maryland Oak” finish as well as the large lounge. The front and end habitation walls have the same finish as the furniture, which results in a well-balanced and matching overall look. The VIP’s overall width of 2.5 m creates a maximum feeling of spaciousness that has to be experienced to be believed. The practical shoe locker in the entrance area perfects the impressive ambience.

To ensure that you feel really comfortable in your LMC, we not only pay particular attention to the quality of the appliances and technical features but also on the design of the interior. Together with our specialists, we create design- and functionality-focused interiors with fabrics and surfaces that are not only beautiful but also practical. For a carefree holiday you’ll remember for years to come.

WONDERFULLY
COMFORTABLE
AND HOMELY

EXPERIENCE IT
AND STAY
A LITTLE LONGER

IMPRESSIVE **HIGH-CLASS COMFORT**

The VIP is equipped with top of the range appliances such as a built-in cooker with an oven and a 190l refrigerator (layout-dependent). Together with the lit display case, the indirect lighting creates a pleasant ambience that invites you to linger in this exclusive space and to travel in comfort.

Overhead lockers all the way round and drawers with gloss white fronts of plenty of storage space. The softclose mechanism ensures that they shut pleasantly noiselessly; the integrated smoke alarm ensures safety on board.

RELAX, UNWIND **AND FEEL AT HOME**

You'll sleep like on cloud nine here, due to the comfortable adjustable beds, whose head end height can be adjusted with the aid of a gas spring mechanism. The slatted bases can also be individually adjusted.

The VIP's spacious washroom impresses with numerous standard features such as the generously-sized separate toilet space and a smart wood finish cupboard with shelves. There is also plenty of light thanks to an integrated frosted glass roof vent equipped with a combination blind that also features a fly screen. The large fresh water tank (44l) ensures convenient and carefree travel.

BORN FROM A PASSION FOR CARAVANNING

Simply taking off and enjoying the most wonderful moments of the year. With a vehicle from LMC, you can look forward to doing precisely that whenever you want.

At its production site in Sassenberg, Germany, the creative caravan manufacturer builds modern, future-proof and light engineered caravan, motor-home and camper van models with well thought out layout options that meet all requirements, and plenty of features that reflect the engineering skills Germany is famous for. Our highly-qualified staff know exactly what matters. As passionate campers, we make every effort to ensure that our vehicles are so well designed in terms of quality, safety and comfort that they meet our own high standards. To make sure that all you have to worry about is rest and relaxation, they feature clever technology and functional solutions both inside and out. All LMC components are designed with durability and value retention in mind – your investment into an LMC is therefore a sound choice.

WE MAKE IT **EASY FOR YOU**

Our engineers rely on cleverly designed lightweight furniture and use a well thought out mix of materials and special light engineered components to guarantee that you benefit from a generous user payload.

Across all of our model ranges, we create clear structures and provide transparent information to make it as easy as possible for you to choose the LMC that's right for you.

“The Exquisite VIP model range is our premium-class caravan range. It offers a huge amount of space, coupled with high-quality appliances and furniture, and a touch of luxury. This appeals particularly to couples looking for a caravan that offers all home comforts.”

BODO DILLER, LMC Brand Manager

QUALITY YOU CAN RELY ON

LMC stands for outstanding quality, reliability and long-lasting value. We use advanced production technologies to be able to guarantee all three. For added security, we give you our unique quality promise: a twelve-year water ingress warranty.*

See our homepage www.lmc-caravan.de for more information, or ask your dealer.

* All LMC caravans come with a twelve-year water ingress warranty, provided the vehicle is serviced annually by an official LMC partner (service charges apply).

IMPORTANT INFORMATION

All accessory prices are for factory installation. Subsequent installations are subject to additional costs. Any change to the factory settings of your vehicle can lead to impairment of driving or road safety. Accessories recommended by us and original replacement parts have been specially developed for your vehicle and approved by us. Your LMC dealer carries these products; he/she is informed of permissible, technical particulars, and performs the necessary work in a competent manner. Accessories, fixtures, conversion or assembly parts that have not been approved by LMC can lead to damage to the vehicle or impaired road safety.

Even if there is an expert opinion from a specialist regarding the part, a general operating licence for the part, or a type-approval certificate, this does not presume the proper constitution of the product. Please understand that no liability can be assumed for damages caused by products that have not been approved by LMC, or by unauthorised modifications.

The weight in roadworthy condition (1) corresponds to the series design without optional extras. Installation of optional extras increase the weight of the caravan in roadworthy condition (1), and the cargo load is reduced accordingly (2). Please take the weight of the optional extra into account with regard to the cargo load (2).

Changes to prices, technical data, fixtures and furnishings, as well those regarding creative aspects, remain reserved. Information about scope of delivery, appearance and services, correspond to the information available at the time of printing. Deviations of +/- 5 % are possible in measurement and weight data.

The cargo load (2) derived from it can vary correspondingly. Our weight information complies with requirements of EC-Directive 661/2009 and Regulation (EU) 1230/2012.

For safe operation of 12 V devices in the caravan while driving, it must be ensured that the towing vehicle has sufficient voltage. With some vehicles it is possible that the vehicle's battery management switches the battery consumption unit off for protection. Obtain information about this from your vehicle manufacturer.

Corresponds to the current status at the time of printing. We reserve the right to technical modifications to the construction and outfitting, deviations to the colour, or mistakes, colour deviations, are partially print or lighting related.

Some illustrations include optional extras subject to extra cost.

All prices are recommended retail prices in euros, incl. statutory value added tax ex works LMC.

The validity of all previously published price lists expires with the publication of this price list. Valid from 01/11/2021.

FOOTNOTES

- 1) This weight includes the standard design dimensions according to manufacturer information: Liquid, such as fresh water, gas (aluminium bottles) at 100 % and cable drums, without optional extras. This corresponds to a weight of approx. 69 kg (Exquisite VIP).
- 2) The cargo load must not be exceeded by personal equipment and optional extras.
